Subject: Information required for \$2,000 Sasol grant

Sasol North America
Human Resources

If possible, please share this information with impacted colleagues who may not have access to Sasol communications.

All information related to Hurricane Laura recovery is also available at sasolnorthamerica.com. Click on “Hurricane Laura Employee Resources” at the top of the page.

Last week Sasol announced \$2,000 Sasol grants for affected employee households with incidental costs incurred during recovery of Hurricane Laura, to be directly deposited into the accounts of employees as soon as possible.

To receive this grant, affected employees must answer a one-question survey by clicking on the link or scanning the QR code at the bottom of this message.

Employees who need help completing or accessing the survey should contact Patricia Lowry, patricia.lowry@us.sasol.com.

This is **not** the same survey distributed Saturday, Aug. 29 asking for information about employees’ status and needs. We ask that all employees complete that survey also.
